Missing HoH

Low/High Utilization

Move-In Date

- Documents the date a household is admitted into a permanent housing project
- This date is critical to Housing Inventory Count (HIC) and Point-in-Time (PIT) counts
- Differentiates households which have already moved into permanent housing from households which are enrolled in a Permanent Housing project but are still experiencing literal homelessness (in Emergency Shelter, Safe Haven, Transitional Housing, or on the street) as they prepare to move into an available unit

Helpful Reports

- [\[HUDX-225\] HMIS Data Quality Report](#) to review data quality
- [\[GNRL-220\] Program Details Report](#) to review all client-level data
- [\[GNRL-106\] Program Roster](#) to review enrollment, exit, and housing move-in dates
- [\[HSNG-108\] Housing Census](#) to review bed nights and maximum bed occupancy (from the bed & unit inventory configured for the program)
- [\[HUDX-123-AD\] Housing Inventory \(HIC\) Supplemental](#) - The Housing Inventory Count Supplemental report is designed to be used as a tool to review housing inventory available in a community

Annual Client Consent Training

- Each year HMIS users in Santa Clara County are required to retake and pass the Client Consent Training
- The training was scheduled to release in March, but there are some updates taking place – right now the date is TBD
- Please be sure and let your staff know this is forthcoming and is required!

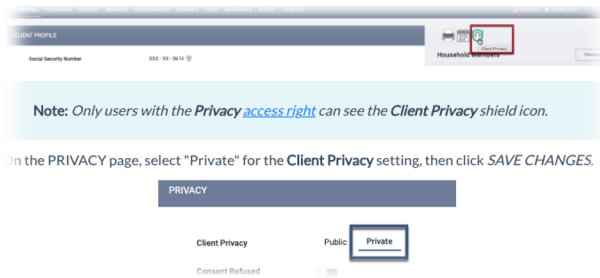

March 2025 TA/Agency Lead Minutes

Making Client Data Private

When a client record or component of the record is made private, only staff members who have the creating agency as their home agency (or as the agency they are [switched into](#)) will be able to see the information

- The record will now be private and will not appear in search results for staff members at other agencies
- Note that you cannot set client records to "Private" if they include services recorded by multiple agencies

Implication of Making Client Data Private

A Program Enrollment is made private by navigating to the enrollment in the client record and selecting the edit icon next to [Assigned Staff](#)

The enrollment will be private and **will not display to outside staff on either the HISTORY or PROGRAMS tabs**

The enrolling staff member ([Assigned Staff](#)) will not be visible to outside staff

Making an enrollment private also makes all program-level services, notes, files, forms, and assessments private
