- Housing Inventory Count (HIC) and Point in Time (PIT) 2022 Federal Reports Submitted!
- New Features in Clarity Human Services
- Report Spotlight: [EXIT 101] Potential Exits
- Upcoming Events

Announcements

Housing Inventory Count (HIC) and Point in Time (PIT) 2022 Federal Reports Submitted!

We wanted to extend our gratitude to all of the HMIS agency Leads, agency directors, program managers and program staff who stepped up to assist with

this data review process. Each and every year this is a huge undertaking and submission would not be possible without each and every one of you!

We hope you know the great appreciation we have for the extra time and dedication you put into validating the data, reviewing, and communicating back to us. In the end, this report will be used both nationally and locally to inform important decisions about our Continuum of Care.

Because of your dedication, we have confidence in our data. Thank you!

Clarity Human Services Updates

New Features in Clarity Human Services

Bitfocus is excited to announce new feature updates in Clarity Human Services that were released on **May 17**. Key features include: updated labels and auto-messages, date range error checks for services, and updates to Clarity report logic.

In addition, on **May 23**, several changes to the Data Analysis models were released and have been included at the bottom of this article.

Spotlight

Report Spotlight: [EXIT 101] Potential Exits

The [\[EXIT-101\] Potential Exits](#) in a program- based report that list clients who are active in a program, but have not received services, case notes, or program connected assessments since the cutoff date. This report may be helpful for programs with services in helping to decide when clients with no contact or no recent activity should be exited.
