### Final HIC Data Clean-up Reminder

We're so close to the end! As a reminder, Nevada's Homeless Point-in-Time (PIT) Count and Housing Inventory Count (HIC) took place on **February 24, 2022**; to ensure an accurate count, please make sure that all program rosters are up to date on the night of HIC/PIT **as soon as possible**. It is critical that all

emergency shelter, permanent housing, rapid rehousing and transitional housing projects in the Clarity CMIS/HMIS system reflect accurate enrollments, exits, and night-by-night services for the February 23-24 period as part of this annual count of homeless households in Nevada.

Please ensure that all clients served by your programs on the date of the PIT/HIC - February 23-24 - are accurately represented. To review the clients enrolled in your programs on the PIT/HIC dates, you can run the [\[GNRL-106\] Program Roster Report](#) for that timeframe. If you have any questions, or need to update any information regarding your programs, please contact the Help Desk at [nevada@bitfocus.com](mailto:nevada@bitfocus.com).

## Report Spotlight

### Report Spotlight: [GNRL-103] Service Census

There are a number of service-based reports you can run to get summary views of services provided. Since many programs are using services such as shelters using the attendance tool, ESG, and PATH programs, we decided to highlight the [GNRL-103] Service Census.
