Report Details

Though the report has several columns, the main column to focus on is the **Client Profile # Missing (image 1)**. The number identified in that column is the number of clients who are missing the ROI. If the report was pulled using the Web Version **Report Output Format**, hovering over the number with your mouse and clicking on it will open a separate webpage that will have the details of the clients missing the ROI (image 2).

ROI FAQ Revised

Please note the SCC ROI FAQ Sheet has been revised to include **Useful Tips to Encourage Clients to Sign the ROI**. You can access the revised FAQ **here!** Next

time your client asks why it is important to sign the ROI or how it can help, you can now provide a list of different reasons! Be sure to read through the FAQ and get those ROI's signed!

Useful Tips to Encourage Clients to Sign the ROI

What are good reasons to share with my clients about the importance and benefits of signing the ROI?

1. The Homeless Management Information System (HMIS) is a data system used by Santa Clara County that stores information about homelessness services. The purpose of it is to improve services that support people experiencing homelessness and allow easier access to those services.
2. Completing and signing the HMIS ROI provides permission to have certain information about you and the services received entered in this system.
3. Having your information in HMIS means you won't need to fill out the same intake forms and answer the same questions over and over again when you're seeking services at other agencies/programs that use HMIS.
4. Your information in HMIS is NOT shared with any law enforcement or immigration enforcement personnel. The system is used only by County HMIS Partner Agencies. These are agencies in the County that help provide housing and services to those who need it.
5. Every person with authorized access to the HMIS has signed an agreement to maintain the security and confidentiality of all information you provide.
6. Your information in the HMIS also helps us better understand your unique situation so you can be matched to the right housing opportunities and other services.
7. If you have an alias or nickname that you go by, you can use that in HMIS if you don't want to use your legal name.

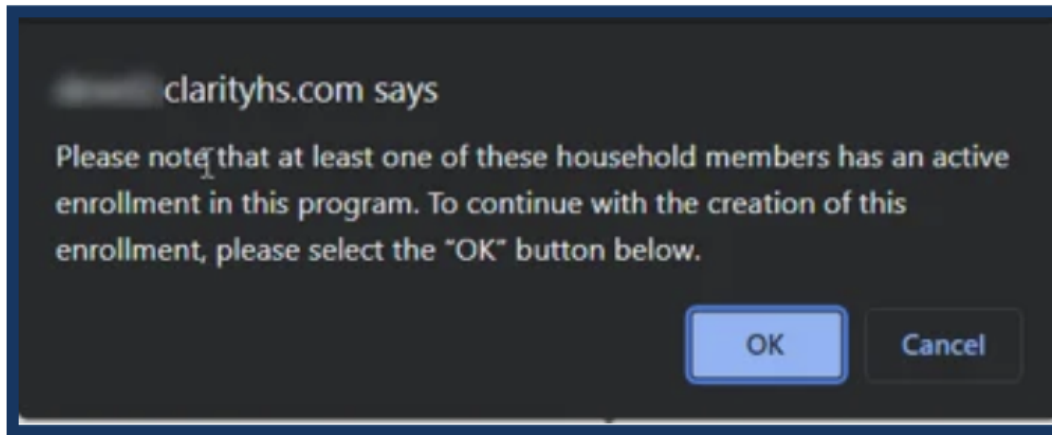

Clarity Human Services Updates

August Feature Updates

Updated: Group Enrollment Pop-Up Notification

If a user tries to enroll a client into a group enrollment for a program in which the client already has an active enrollment, the system will allow the client to be enrolled. However, the system will display the following pop-up: "Please note that at least one of these household members has an active enrollment in this program. To continue with the creation of this enrollment, please select the "OK" button below."
