Welcome to the PATH Report guide.

This tool is designed to assist you in interpreting the data in the PATH Report and give you a greater understanding of how the outcomes are counted.

Please note, since the PATH report is designed to be run and submitted annually, clients who have not received a service within the reporting period will not appear on the PATH report. For example, if you are looking at a report for just the month of January 2019 (01/01/2019 to 01/31/2019) and a client's most recent service was 12/31/2018, then that client will not appear on the report.

Report Field: Q26i-Q26j

Description:
Length of stay in prior living situation (26i) and chronically homeless (at project start) (26j) are based on the information on the Enrollment Screen.

Specifics:
Q26i. Length of stay in prior living situation

    Clients are counted if living situation at project start is "Place not meant for habitation (e.g., a vehicle, an abandoned building, a bus/train/subway station, airport, or anywhere outside)" or "Emergency shelter, including hotel or motel paid for with emergency shelter voucher"

Q26i. Chronically homeless (at project start)

    For Yes:

        Clients are counted here if they meet the current HUD definition of Chronically Homeless when they enter the PATH program. This determination is based on information gathered at program enrollment. For more information regarding the current HUD definition of Chronically Homeless, please reach out to the Bitfocus Help Desk, the King County System Administration Team, or review the HMIS Standard Reporting Terminology Glossary.

    For No:

        Clients are counted here if they do not meet the current HUD definition of Chronically Homeless when they enter the PATH program. This determination is based on information gathered at program enrollment.

    For Unknown:

        Clients are counted here if their chronic homeless status cannot be determined due to missing data.

Note: PATH services only projects ask questions for prior living history about length of stay in housing/institutions that are not asked for PATH street outreach programs, which means that clients entering from housing/institutions may be counted as CH for PATH services only programs where they are not counted as CH for PATH street outreach programs.
