# New Looker Data Quality Report

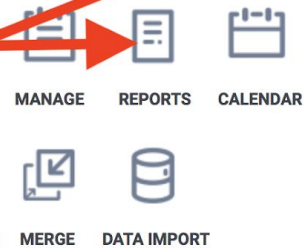

- The ONE System report library contains several data quality reports that you might find useful, including:
  - [\[HUDX-225\] HMIS Data Quality Report](#)
  - [\[DQXX-103\] Monthly Staff Report](#)
- In addition, as of today (Feb 21, 2018) we are beginning to roll out new client-level data quality reports in the *Data Analysis* tab (aka Looker)

# Frequently Asked Questions

**Question:** Who has access to the new data quality reports?

**Answer:** Looker reports are available to more advanced users, primarily designated *Agency Leads*

**Question:** Why is access to these reports different than the ONE system report library?

**Answer:** Looker reports can be modified and saved by users; therefore, they are limited to more advanced users who attend regular ongoing training (i.e. Agency Lead Meetings)
