# Housing Move in vs. Program Start Date

All permanent housing projects: PSH, PH, RRH collect "Housing Move-in date" and Project Start date." This gives programs an opportunity to document work with a client that occurs before the client actually moves into housing.

**Project Start Date:** The date the client begins to work with the permanent housing program

- Project Start Date = Enrollment Date
- Opportunity to document work with a client before move in
- Project Start date cannot equal Project Exit date

**Housing Move in Date:** The date the client moves into the permanent housing program

- Can be the same as project start date
- Cannot happen before project start date
- Possible to enroll a client into your program, and then exit them without ever entering a move-in date
