# AHAR Results

The Annual Homeless Assessment Report (AHAR) is a HUD report to the U.S. Congress that provides nationwide estimates of homelessness, including information about the demographic characteristics of homeless persons, service use patterns, and the capacity to house homeless persons. The report is based primarily on Homeless Management Information Systems (HMIS) data.

The 2017 AHAR was submitted in early December and covered the federal fiscal year of 10/1/2016 - 9/30/2017

# AHAR Categories

<b>All Individuals</b>			
<b>All Families</b>			
<b>Veteran Individuals</b>			
<b>Veterans in Families</b>			

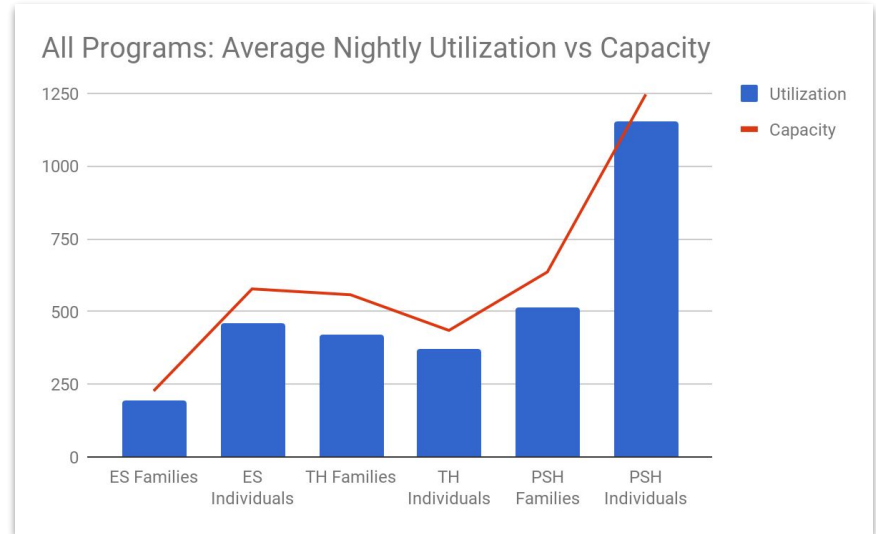

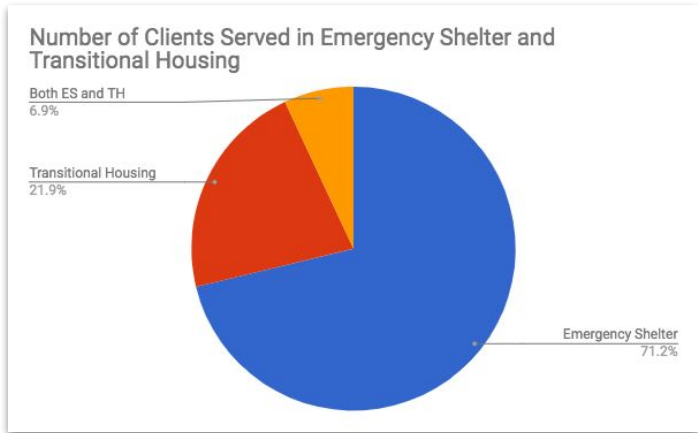

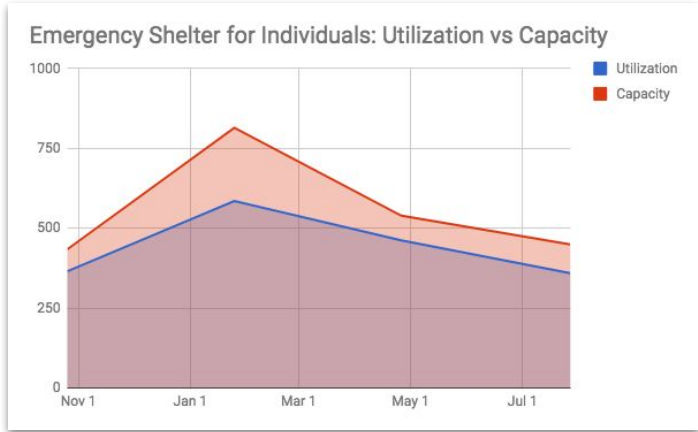

# AHAR Highlights: General

- All categories were accepted by HUD for use in the nationwide AHAR report

# Housing Inventory Count (HIC) and Point In Time (PIT) Count

# Housing Inventory Count (HIC)

The Housing Inventory Count (HIC) is conducted annually in late Jan. **This year, it will be Wed, Jan 24.**

Report is on shelter and housing programs (ES, TH, RRH, PSH), including non-participating HMIS programs (e.g. DV programs) and includes:

- Bed/unit capacity
- Federal funding source
- HMIS participation
- Location (geocode and address)
- Other project details
- Utilization rate based on clients in shelter/housing during one night in January (point-in-time count)

# HIC: Client Data Requirements

- All Shelter and Housing projects will need to report the actual number of clients served on one night in January. Information will be used to calculate Utilization Rates for each project.
  - PSH, RRH, and OPH (Other Permanent Housing) Projects will be based on clients housed
  - RRH bed/unit inventory will be based on housed clients
- How you can prepare
  - Run the [GNRL-106] Program Roster and review the list of active clients
    - Exit clients who are no longer in the project
    - Enroll clients who are not yet in HMIS
  - RRH and PSH projects - Fill out the Housing Move-In Date for your housed clients
    - Housing Move-In Date should always be on or after the Project Start Date (if the client was housed at entry, use the Project Start Date)

# Last Month's HIC Preparation

Please review and confirm the information about housing and shelter programs that we previously reported to HUD in [THIS SPREADSHEET](#).

Although the spreadsheet may look intimidating at first glance, we are only asking you to look at a few elements:

1. If McKinney-Vento funded, specific funding source
2. If other federal funding, specific source (e.g. RHY, VA)
3. Bed/Unit Counts broken out by Household Type (For all EXCEPT RRH)
4. Number of beds/units dedicated to Veterans, Chronic Homeless (CH), and Youth
5. Number of beds participating in HMIS
6. Seasonal/Overflow beds

# Point In Time (PIT) Count Information

The Point In Time (PIT) Count is conducted annually in late January, on the same day as the HIC

The report includes sheltered clients (ES, TH, Safe Haven), including clients in non-participating HMIS programs (e.g. DV programs):

- Number of households and clients served the night of the PIT
- Number of children, adults aged 18-24, adults over 24
- Race, Ethnicity, Gender, Chronic Homelessness
- Substance Abuse, Mental Illness, DV, HIV/AIDS

Information is broken out by both household type as well as specific demographics (Veterans, Parenting Youth, Unaccompanied Youth)

# Last month's PIT Count Preparation

For clients in your **Emergency Shelter, Transitional Housing, or Safe Haven programs** on the night of the PIT:

Make sure the household and client counts are accurate (i.e. if you run a Program Roster report for that day, it matches how many households/clients were actually there the night of the PIT)

For all clients served on **Wed, Jan 24**, review:

- Date of Birth
- Race
- Ethnicity
- Gender
- Veteran Status (for adults)
- Mental Health Problem
- Substance Abuse Problem
- Domestic Violence Victim/Survivor
- Living Situation section (for Chronic Homelessness)

## This Month's HIC/PIT Action Items:

- **Inventory information:** Please do a final review and confirm the information about housing and shelter programs that we previously reported to HUD in [THIS SPREADSHEET](#).
  - Let us know if any new housing or shelter programs have come online during calendar year 2017
  - Similarly, let us know if any programs on our list have stopped operating during calendar 2017
- **Client data:** Make sure the household and client counts are accurate for the night of **Wed, Jan 24**
  - The number of households/clients in your programs in HMIS match the number of households/clients that were actually there on that date
  - **For ES/TH:** Review demographic information
  - **For RRH/PSH:** Fill out the Housing Move-In Date for your housed clients

## Bitfocus will contact agencies about:

- After Feb 10, Bitfocus will run data for the number of clients served the night of Wed, Jan 24 and ask agencies to review
- Verifying address information for all projects:
  - For site-based projects: full address is needed
  - For scattered-site projects: zip code where most units are located
- If there are any specific questions for your agency
