Santa Clara County VI-SPDAT Instructions

Before Completing the VI-SPDAT:

- 1. Check in HMIS to see if the individual/family has already completed a VI-SPDAT by looking under the Assessments Tab.
- 2. Upload a Signed Client Consent Form into HMIS: No information, including the VI-SPDAT, may be entered into HMIS until a signed client consent form (aka Release of Information or ROI) is uploaded into HMIS.

Completing the VI-SPDAT:

- 1. Select the appropriate version of the VI-SPDAT:
 - **a. VI-SPDAT for Single Adults** Use this version for adults age 25 or older with no children in the household.
 - VI-SPDAT for Families Use this version for households with at least one child under the age of 18.
 - **c. TAY VI-SPDAT** Use this version for transition age youth (age 18-24) and unaccompanied minors.
- **2. Introduce the VI-SPDAT:** Explain to the client what you are doing using the introductory scripton the next page.
- **3. Complete All Questions:** Complete the VI-SPDAT and follow-up questions, including the additional questions on the last page of this packet.
- **4. Enter the VI-SPDAT in HMIS:** You can find the VI-SPDAT under the Assessments tab in the menu barat the top of the screen in HMIS. This is a universal assessment that is not connected to any specific program.
 - a. If the assessment score is 4 or higher: Refer the assessment to the community queue in HMIS.

After Completing the VI-SPDAT:

- 1. **Collect Contact Information:** Collect as much contact information as possible (phone, email, service provider or case manager that the individual/family works with, locations that they frequent, etc.). It is critical that we have as much contact information as possible in case any referrals become available for the individual/family. Ask them to come back and update their contact information if it changes.
- 2. **Share information with the individual/family:** Do NOT share the numerical score from the VI-SPDAT. If the person is interested, you can provide an explanation of the type of housing program that looks like the best fit for the individual/family.
- 3. If the score falls into the "no housing intervention" category: Explain that the assessment shows that they have the skills and ability to get back into housing with limited assistance. Refer the individual/family to resources in the community that will help them address barriers, such as: public benefits, employment programs, security deposit assistance, etc.

Santa Clara County Introductory Script:

I am going to go through a short survey with you that will provide us with more information about your situation. The answers will help us determine how we can best support you. Some of the survey questions are personal in nature, but they only require a Yes/No or one word answer. I really only need that one word answer. You don't need to feel any pressure to provide more detail. You can also skip or refuse to answer any question. Skipping multiple questions may make it harder for us to identify services for you, but it is your right to refuse to answer questions you don't feel comfortable with.

Please do your best to answer all of the questions as honestly and accurately as possible. Honest, accurate answers are important to help us identify the right services for you. In addition, if we are able to refer you to any services based on the information in this survey, that program will still need to verify all eligibility information. So, if your answers aren't honest, it could prevent you from being accepted into a program.

The information that I collect with this survey will be stored in HMIS along with the rest of the intake information you provided. Sometimes we are able to identify services that might be a good match for you based on the information you provide. If that happens we will try to contact you, so it's really important that you provide current contact information. This could include phone numbers, locations you frequent, case managers or organizations that you work with, or any other information that might help us find you.

Vulnerability Index – Service Prioritization Decision Assistance Tool (VI-SPDAT) Families with Children – American Version 2.0

The VI-SPDAT is created and copyrighted by OrgCode Consulting, Inc. and Community Solutions (Copyright 2015). The VI-SPDAT is used in Santa Clara County by permission of OrgCode Consulting, Inc. Please do not alter any of the questions, including the order in which they are asked. For more information about the VI-SPDAT or OrgCode visit www.orgcode.com. Please complete all questions. The VI-SPDAT will be scored automatically when it is entered into HMIS.
